## P R E F A C E.

THE present volume is intended to be a complete catalogue of the members of the Philadelphia Bar from the Declaration of Independence to the present time. Every list heretofore issued has been examined, and the records of the Courts have been searched, so as to secure, if possible, the name of every gentleman now or heretofore connected with our Bar.

Occasionally, there has been an admission of a lawyer from another State or County, for the purpose of appearing in a single cause. As those gentlemen are entitled to practice here by virtue of such admissions, their names have been inserted regularly in the list.

We have arranged the names chronologically in the body of the work, so as to classify the members by way of seniority. The alphabetical index affords every facility for referring to the name of any member.

If this compilation shall prove of any use to our fellow members, we will be fully compensated.
